## SUMMARY / OBJECTIVES

---

An ambitious and hardworking senior who is excited to provide value to a business and people's lives. I am seeking internship experience in finance, business, project management, or related fields in the summer of 2025.

## EDUCATION

---

Michigan Technological University (Apr 2026)	Masters of Science in Accounting and Analytics
Michigan Technological University (Apr 2025) GPA: 3.65	Bachelor of Science in Engineering Management Bachelor of Science in Finance

## PROFESSIONAL EXPERIENCE

<i>Michigan Technological University</i> <u>Applied Portfolio Management Program (Ongoing)</u>	<i>Houghton, Michigan</i> May 2024 - Current
---	---

- Managed over \$2.4 million of Michigan Tech's endowment fund
- Created team investment policy with full authority to execute trades and restructure the school portfolio
- Presented portfolio and buy reports to the board of trustees
- As team accountant, I provided accurate monthly financial statements using a Bloomberg machine

<i>Plexus Corporation</i> <u>Product Development Sourcing Specialist Intern</u>	<i>Neenah, WI</i> Jun 2024 - Aug 2024
--	--

- Supported sourcing the bill of materials for multiple engineering projects
- Gained exposure to supplier quality engineering through training and shadowing
- Collaborated with key stakeholders to find custom-engineered solutions for a class III medical project
- Upgraded to a standardized project folder structure for the product development sourcing team

<u>Product Development Sourcing Specialist Intern</u>	May 2023 - Aug 2023
---	---------------------

- Facilitated weekly cross-functional meetings with engineering teams to drive collaboration and project alignment
- Successfully procured new suppliers for a unique gas sensor
- Designed standardized quoting and supplier ranking spreadsheet using Excel

<i>The Peplinski Group, Inc.</i> <u>Human Resource Assistant</u>	<i>Grand Rapids, Michigan</i> Winter 2023
---	--

- Ensured timely implementation of a new HRIS/Payroll system for over 1,200 employees by compressing data audits
