

# MSELA and MMSLN Leadership Day

Learning in Places is an NSF research project which has built frameworks to help us think about nature based learning in science and emphasizing the place in which we live. These materials are NGSS aligned AND go with any curricular resource. A perfect way to get students outside and connect authentic SEL. This is a great opportunity to build on your learning and embrace where we are in Michigan, while walking away with resources to use for years to come! This is an opportunity to learn from and with Dr. Megan Bang, and Dr. Carrie Tzou.

Learning  
in Places

## Join us for:

- **Professional Learning with Dr. Bang and Dr. Tzou**
- **Networking with colleagues**
- **Thinking and broadening your lens on place based learning**

**Thursday March 6, (8:30a Breakfast) 9a - 4p**

**Fenner Nature Center**

**2020 E Mt Hope Ave, Lansing, MI 48910**

**Cost \$40**

**Lite Breakfast and Lunch provided**

# MSELA Networking Event

Join the Michigan Science Education Leadership Association at Lansing Shuffle after the Leadership Day and before the MSTA Conference begins! Lansing Shuffle is a bustling riverfront food hall featuring a range of eateries, 2 bars, and shuffleboard courts. We will network, collaborate, and hear about upcoming opportunities while deepening our connection with other science leaders. With the purchase of your ticket, dinner and learning will be provided.
