

# Bo Chen

Professor, Mechanical Engineering-Engineering  
Mechanics

Professor, Electrical and Computer Engineering

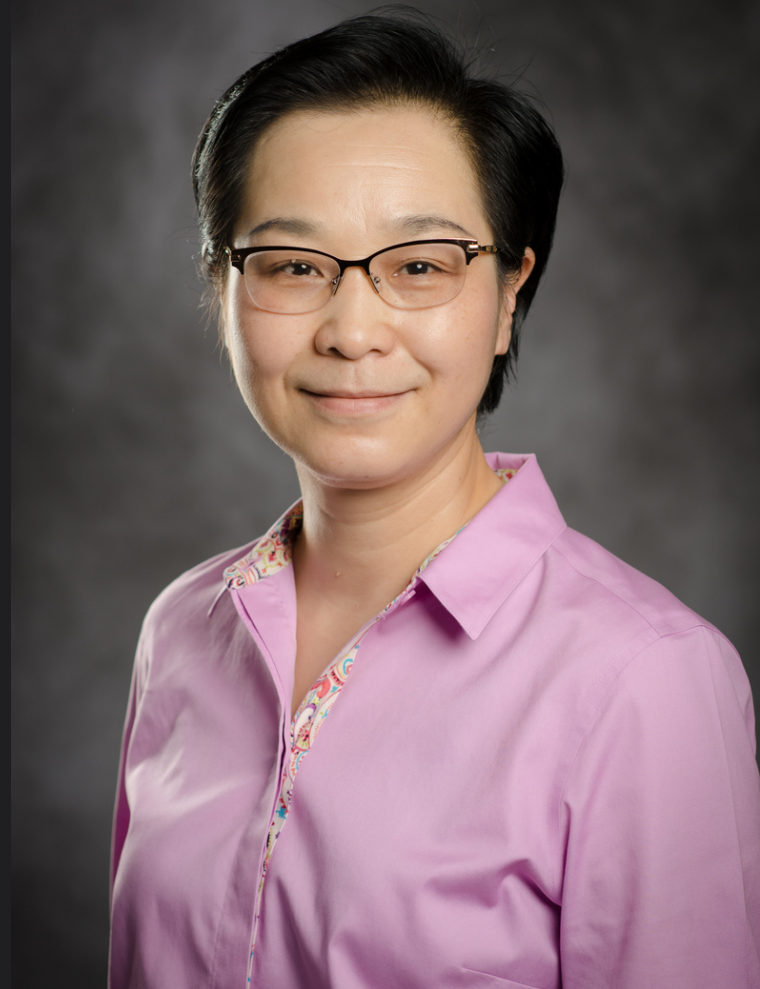

[bochen@mtu.edu](mailto:bochen@mtu.edu)

+1-906-487-3537

## Research Interests

- Modeling and control of hybrid electric vehicles
- EV-smart grid integration
- Distributed monitoring and control
- Battery control for HEV and energy storage systems
- IC engine management systems
- Sensor information fusion
