

Ashraf Saleem

Assistant Professor, Applied Computing
Affiliated Faculty, Computational
Science and Engineering

ashraf@mtu.edu

+1-906-487-2384

Research Interests

- Data acquisition and real-time control
- Robotics system design and integration
- UAV-based remote sensing
- Drone-based oil spill detection in ocean
- AI applications in remote sensing
- Computer vision and AI
- Control of pneumatic systems

Links of Interest

[Robotics and Remote Sensing Lab](#)
