FAQs

What does it mean to be a part of a sisterhood?

When you join any sisterhood, it means that you are now an important part of a new community! This includes a support network for personal and academic struggles, people to hang out with, opportunities for growth and development, and, most importantly, a new family to call your own.

Will I have time to be in organizations and clubs if I am a member of a sorority?

Many of our sisters are also members of organizations such as the Dance Club, MUB, USG, etc. Many sisters also have on-campus jobs and still have time to be an active member of Theta Chi Epsilon!
